TDS are specifically excluded under Statutory Instrument from adjudicating where, despite making reasonable efforts to do so, the Landlord or the Agent are unable to contact the Tenant, or the Tenant is unable to contact the landlord or the Agent. Under these circumstances, the Member must do the following:

- make every practical effort, over a reasonable period of time but for no longer than it would take for the ICE to resolve a dispute, to contact the (ex)-tenant/landlord using information readily available.
- determine dilapidations, rent arrears and any other prospective deductions from the deposit as they would normally do
- allocate the deposit, pay the party who is present as appropriate, and transfer the amount due to the absent tenant/landlord to a suitably designated "Client Suspense (bank) Account".

A formal record of these activities should be made, supported by appropriate documentation.

Following sufficient time (usually at least six years) having elapsed from last contact from the absent tenant/landlord the Member may then donate the amount allocated to them to a suitable registered charity – subject to an undertaking that any valid claim subsequently received by the Member from the beneficial or legal owner would be immediately met by the Member from its own resources.

Should the absent tenant/landlord return within that period and seek to dispute the allocation of the deposit, the ICE may offer to adjudicate.

The Landlord confirms that the information provided to the Agent and the Tenant is accurate to the best of his knowledge and belief and that the Tenant has had the opportunity to examine the information.

The Tenant confirms he has been given the opportunity to examine this information. The Tenant confirms by signing this document that to the knowledge of the Tenant the information above is accurate to the best of his knowledge and belief.
